

FOOD SUPPLEMENT

Mineral formula

Magnesium is important for such things as energy metabolism and contributes to the alleviation of fatigue and tiredness. Due to its role in the nervous system, magnesium also contributes to normal psychological function. The added active vitamin B6 supports this.

COMPOSITION PER COATED TABLET

		%RI*
Magnesium (as magnesium bisglycinate)	150 mg	40%
L-Glycine	100 mg	
Taurine	100 mg	
Active vitamin B6 (as pyridoxal-5-phosphate)	0.9 mg	64%

* Reference Intake

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.
